Allocations – FY18 to FY24

Process & Terminology

Annual Budgets passed by the NC General Assembly include allocations to be made from the NC Education Lottery (NCEL) to the Public School Building Capital Fund (PSBCF), the Needs-Based Public School Capital Fund (NBPSCF), and the Public School Building Repair & Renovation Fund (PSBRRF).

Allocated (sometimes referred to as allotted) revenue from the NCEL is distributed to / received by DPI and placed into Unallocated Balance Accounts established by DPI for Counties/LEAs. There is an Unallocated Balance Account for each County/LEA for each Fund.

To receive project funding from one or more of the Lottery Capital Funds, a County/LEA submits a distribution request to DPI. When a distribution request is approved, an allocation of funds is made from the applicable Unallocated Balance Account.

Allocated funds are transferred from the County/LEA's Unallocated Balance Account at DPI to the County's disbursing account at the State Treasurer's Office. Funds in disbursing accounts can then be drawn down by Counties/LEAs to pay for project expenditures.
