

Paid Parental Leave (PPL) Substitute Reimbursement Form

The Basics

Paid Parental Leave for State Employees: 115c-336.1

Section 5.1.(e)

- In the 2023 legislative session, the General Assembly provided funding for substitutes who were employed to fill a classroom teacher's duties, while he/she was on paid parental leave. This reimbursement is consistent with treatment with local education agencies. This funding is effective July 1, 2023.
- [Session Law 2023-14 Senate Bill 20](#)

Who is eligible for reimbursement?

- DPI will only reimburse for the established rate of a substitute for a classroom teacher who requires a substitute
- The classroom teacher must be an employee of the Independent Public School's (IPS) Board of Education.
- Contracted substitutes can be utilized because the substitute is not required to be an employee.

How much is the reimbursement?

- The IPS will be reimbursed at the certified daily rate of pay for a substitute established in law.
- This is 65% of the first step of the teacher certified salary schedule. This rate for 2023-24 is \$115 + 7.65% social security.
- The IPS is responsible for paying the employee's salary while they are out on paid parental leave.

How and when do I get reimbursed for substitute costs?

- School Business Services has developed a substitute reimbursement form located on the FBS website under the [What's New](#) Section.
- For fiscal year 2023-24, School Business will provide the first reimbursement in January 2024.
- The next reimbursement will be in June 2024. Submission deadlines and reimbursement dates are provided on the reimbursement form.
